## **Auditors' Report**

---

To the shareholders of ESTec Systems Corp.:

We have audited the consolidated balance sheets of ESTec Systems Corp. as at June 30, 2008 and 2007 and the consolidated statements of comprehensive loss and deficit and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Company as at June 30, 2008 and 2007 and the results of its operations and its cash flows for the years then ended in accordance with Canadian generally accepted accounting principles.

A handwritten signature in cursive script that reads 'Kingston Ross Pasnak LLP'. The signature is written in black ink and is positioned above a horizontal line.

## Notes to the Consolidated Financial Statements

---

### ESTEC SYSTEMS CORP.

Years ended June 30, 2008 and 2007

---

#### Note 1

##### General

---

ESTec Systems Corp. (the "Company") owns and operates an engineering consulting firm. The principal operating subsidiary of the Company is Allan R. Nelson Engineering (1997) Inc.

The Company was incorporated under the Alberta Business Corporations Act and is listed with the TSX Venture Exchange.

#### Note 2

##### Going Concern

---

These consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles applicable to a going concern, which assumes that ESTec Systems Corp. (the "Company") will be able to realize its assets and discharge its liabilities in the normal course of business. However, the Company has in the past experienced significant operating losses and its ability to continue operations is dependent upon its ability to achieve profitability or secure additional debt or equity financing.

Although there is no assurance, management believes that the going concern basis is appropriate. Accordingly, these financial statements do not reflect adjustments to the carrying value of assets and liabilities, the reported revenues and expenses and balance sheet classifications used that would be necessary if the going concern assumption was not appropriate. Such adjustments could be significant.

#### Note 3

##### Significant Accounting Policies

---

The financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles. The precise determination of many assets and liabilities is dependent upon future events. The financial statements have, in management's opinion, been prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below.

##### **Basis of Presentation**

These consolidated financial statements are expressed in Canadian dollars and include the accounts of the Company and its wholly-owned subsidiary, Allan R. Nelson Engineering (1997) Inc. All intercompany balances have been eliminated.

##### **Revenue Recognition**

Sales revenue is comprised of revenues from consulting and engineering contracts. It is recorded when the related service is provided, in the amount as determined by the contract for services with the customer, and collectibility is reasonably assured.

##### **Work in Progress**

Costs recoverable for services provided but not yet billed are shown as work in progress. Cost is measured based on the number of hours allocated to the job multiplied by the hourly payroll rate of the professional and the actual cost of associated disbursements.

---

**ESTEC SYSTEMS CORP.**

June 30, 2008 and 2007

---

**Note 3**

Significant Accounting  
Policies  
Continued...

---

**Income Taxes**

The Company follows the liability method of accounting for income taxes. Under this method, future tax assets and liabilities are determined based on differences between the financial reporting and tax basis of assets and liabilities, and measured using the substantially enacted tax rates and laws that will be in effect when the differences are expected to reverse. Changes to the balances are recognized in income when they are expected to occur. A valuation allowance is provided to the extent that it is more likely than not that future tax assets may not be realized in the near term.

**Property and Equipment**

Property and equipment are recorded at cost. Expenditures on major replacements, extensions and improvements are capitalized. The cost of maintenance, repairs and renewals or replacements, other than those of a major nature, are charged to expense as incurred. The Company provides for amortization at an annual rate, which will amortize the original cost to the estimated salvage value over the useful life of the assets.

Amortization is calculated using the declining balance method at the following annual rates:

	<u>Rate</u>
Computer hardware	20%
Computer software	30%
Equipment	20%
Office equipment	20%
Inspection equipment	20%

**Impairment of Property and Equipment**

Property and equipment are tested for impairment whenever events or changes in circumstances indicate that their carrying value may not be recoverable. An impairment loss is recognized when their carrying value exceeds the total undiscounted cash flows expected from their use and eventual disposition. The amount of the impairment loss is determined as the excess carrying value of the asset over its fair value.

---

**ESTEC SYSTEMS CORP.**

June 30, 2008 and 2007

---

**Note 3**

Significant Accounting  
Policies  
Continued...

---

**Financial Instruments**

The CICA has issued new guidance related to financial instruments that is effective for the Company commencing July 1, 2007.

CICA Handbook Section 3855, "Financial Instruments - Recognition and Measurement" provides guidance on when a financial instrument must be recognized on the balance sheet and how it is to be measured. It also provides guidance on the presentation of gains and losses on financial instruments. The Company has elected to apply the following treatment to each of its significant categories of financial instruments:

<b>Financial statement item</b>	<b>Classification</b>	<b>Measurement</b>
Bank indebtedness	Held for trading	Fair value
Accounts receivable	Loans and receivables	Amortized cost
Accounts payable and accrued liabilities	Other financial liabilities	Amortized cost
Due to related parties	Other financial liabilities	Amortized cost

The Company has also adopted CICA Handbook Section 3861, "Financial Instruments - Disclosure and Presentation" and CICA Handbook Section 1530, "Comprehensive Income".

The Company's adoption of these new accounting standards on July 1, 2007 had no material impact on the financial statements of the Company.

**Goodwill**

Goodwill represents the excess of the purchase price paid for Allan R. Nelson Engineering (1997) Inc. over the fair value of the net assets acquired. Management annually reviews the valuation of this goodwill based on the estimated future cash flows of Allan R. Nelson Engineering (1997) Inc. Management will also review the valuation in the event of any circumstances which might have impaired the fair value. It was concluded that no impairment exists in the value of the goodwill at June 30, 2008 or 2007.

**Stock Based Compensation**

The Company has a stock option plan that provides for the issuance of stock options to key employees, directors and officers as described in Note 11. The value is recognized over the applicable vesting period as an increase to compensation expense and contributed surplus. When the options are exercised, the proceeds received by the Company, together with the amount in contributed surplus, would be credited to share capital.

**Loss Per Share**

Loss per share is calculated using the weighted average number of common shares outstanding during the year. Diluted loss per share is calculated using the treasury stock method. Under the treasury stock method, deemed proceeds from potentially dilutive securities are considered to be used to acquire common shares at an average stock price during the year.

Shares provided as security for any share purchase financing agreement are excluded from the calculation for the basic earnings per share. These shares have not been included in diluted earnings per share as the result is anti-dilutive.

---

**ESTEC SYSTEMS CORP.**

June 30, 2008 and 2007

---

**Note 3**

Significant Accounting  
Policies  
Continued...

---

**Statement of Cash Flow**

The Company uses the indirect method of presentation in its Statement of Cash Flow.

**Measurement Uncertainty**

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenditures during the reporting period. Actual results could differ from those estimates. The significant estimates pertain to the recoverability of accounts receivable and work in progress, the physical and economic lives of property and equipment, and the valuation of goodwill.

**Note 4**

Future Changes in  
Accounting Policies

---

The CICA has announced several future changes in accounting policy which will affect the financial statements of the Company subsequent to June 30, 2008. The significant changes, along with the impact on the financial statements for the Company are as follows:

**International Financial Reporting Standards**

The Accounting Standards Board ("AcSB") establishes financial accounting and reporting standards for use by Canadian entities. It also participates in the development of internationally accepted accounting standards. The AcSB is accountable to the Accounting Standards Oversight Council, an independent body established in September 2000 by the CICA. On February 13, 2008, the AcSB announced that the use of International Financial Reporting Standards ("IFRS") is required for fiscal years beginning on or after January 1, 2011 for publicly accountable profit-oriented enterprises. IFRS will replace Canada's current GAAP. Entities will be required to provide comparative IFRS information for the previous fiscal year. The Company is evaluating the impact of the adoption of IFRS.

**Capital Disclosures**

In December 2006, the CICA issued Handbook Section 1535 "Capital Disclosures", which establishes guidelines for the disclosure of information on an entity's capital and how it is managed. Effective for the Company's fiscal periods beginning July 1, 2008, this enhanced disclosure enables users to evaluate the entity's objectives, policies and processes for managing capital. This new requirement is for disclosure only and will not impact the financial results of the Company.

## Notes to the Financial Statements

---

### ESTEC SYSTEMS CORP.

June 30, 2008 and 2007

---

#### Note 4

Future Changes in  
Accounting Policies  
Continued...

---

#### Financial Instruments

The CICA issued Handbook Section 3862 "Financial Instruments - Disclosure" and Handbook Section 3863, "Financial Instruments - Presentation" to replace Handbook Section 3861 "Financial Instruments - Disclosure and Presentation". Handbook Section 3862 requires enhanced disclosure of the nature and extent of financial instrument risks and how an entity manages those risks. Handbook Section 3863 carries forward the existing presentation requirements and provides additional guidance for the classification of financial instruments. These sections are effective for fiscal periods beginning on or after January 1, 2008 for the Company. This new requirement is for disclosure only and will not impact the financial results of the Company.

#### Intangible Assets

The CICA issued Handbook Section 3064 "Goodwill and Intangible Assets" to replace Handbook Section CICA 3062 "Goodwill and Other Intangible Assets". Handbook Section 3064 "Goodwill and Intangible Assets" establishes standards for the recognition, measurement and disclosure of goodwill and intangible assets. This section is effective for interim and annual financial statements for years beginning on or after October 1, 2008. The provisions relating to the definition and initial recognition of intangible assets are equivalent to the corresponding provisions of IAS 38, "Intangible Assets". The Company is evaluating the impact of the adoption of Handbook Section 3064 "Goodwill and Intangible Assets".

#### Note 5

Property and Equipment

---

			<u>2008</u>	<u>2007</u>
	Cost	Accumulated Amortization	Net Book Value	Net Book Value
Computer hardware	\$ 71,613	\$ 37,255	\$ 34,358	\$ 33,989
Computer software	97,403	75,864	21,539	30,770
Equipment	31,135	19,649	11,486	14,357

Inspection equipment	17,296	13,343	3,953	4,941
	<u>\$ 244,695</u>	<u>\$ 165,115</u>	<u>\$ 79,580</u>	<u>\$ 94,354</u>

Amortization provided for in the current year totaled \$22,719 (2007 - \$26,828).

#### Note 6

Goodwill

---

	<u>2008</u>	<u>2007</u>
Goodwill, at cost	\$ 133,150	\$ 133,150
Less accumulated amortization (prior to 2002)	57,354	57,354
	<u>\$ 75,796</u>	<u>\$ 75,796</u>

## Notes to the Financial Statements

---

### ESTEC SYSTEMS CORP.

June 30, 2008 and 2007

---

#### Note 7

#### Bank Indebtedness

Bank indebtedness is comprised of the following:

	<u>2008</u>	<u>2007</u>
Cash in bank	\$ 19,356	\$ 22,548
Cheques written in excess of bank balance	(59,750)	(31,535)
Bank operating lines	(170,000)	(15,000)
	<u>\$ (210,394)</u>	<u>\$ (23,987)</u>

The bank operating line is authorized to a total of \$250,000 with interest payable at prime plus 1.5%. A general security agreement and limited guarantees from directors and related parties in the amount of \$187,500 have been pledged as collateral for the bank operating lines.

#### Note 8

#### Related Party Transactions and Balances

During the year, the Company had business transactions with corporations controlled by certain directors of the Company. These transactions, which were in the normal course of operations and measured at the exchange value agreed between the parties, are as follows:

	<u>2008</u>	<u>2007</u>
Payment of rent to a company controlled by certain directors	\$ 90,000	\$ 90,000
Due to directors, non-interest bearing, unsecured	\$ 167,682	\$ 167,996
Due to corporations controlled by directors, non-interest bearing, unsecured	206,286	158,911
Due to related parties	<u>\$ 373,968</u>	<u>\$ 326,907</u>

Loans payable to related parties in the amount of \$373,968 (2007 - \$326,907) have no fixed terms of repayment and the parties have waived their right to receive any repayment in the current fiscal year, therefore these amounts have been classified as long term.

Included in trade accounts payable is \$1,863 (2007 - \$8,808) owing to a director.

## Notes to the Financial Statements

---

### ESTEC SYSTEMS CORP.

June 30, 2008 and 2007

---

#### Note 9 Income Taxes

---

As at June 30, 2008, the Company and its subsidiaries have \$936,069 in non-capital losses and \$ 873,241 of net capital losses, subject to confirmation by taxation authorities, which can be used to reduce future income for tax purposes. Net capital losses are not subject to expiry. Non-capital losses expire as follows:

2009	\$ 31,445
2010	632,497
2014	229,412
2015	2,155
2027	85
<u>2028</u>	<u>40,475</u>
	<u>\$ 936,069</u>

The potential benefit of \$276,140 (2007 - \$315,100) of these non-capital losses has not been recorded in these consolidated financial statements as there is uncertainty when this benefit will be used.

Future income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company's future income tax assets and liabilities as of June 30, 2008 are as follows:

	<u>2008</u>	<u>2007</u>
Future income tax assets:		
Non-capital losses	\$ 276,140	\$ 315,100
Capital losses	152,817	152,800
Valuation allowance	(381,622)	(413,500)
	<u>47,335</u>	<u>54,400</u>
Future income tax liabilities:		
Unbilled revenue	16,891	16,500
Property and equipment	3,944	11,400
Goodwill	26,500	26,500
	<u>47,335</u>	<u>54,400</u>
Net future tax assets (liabilities)	<u>\$ -</u>	<u>\$ -</u>

## Notes to the Financial Statements

### ESTEC SYSTEMS CORP.

June 30, 2008 and 2007

#### Note 9

Income Taxes  
Continued...

The components of income tax expense are as follows:

	<u>2008</u>	<u>2007</u>
Tax recovery at the statutory rate of 29.5% (2007 - 32.12%)	\$ (23,006)	\$ (8,552)
Amortization claimed in excess of capital cost allowance	6,367	12,580
Non-capital losses carried forward	11,989	-
Non-deductible expenses	4,777	932
Accounting loss on disposal of capital assets	51	-
Change in work in progress	(389)	-
Permanent differences and other	1,095	(3,539)
	<u>\$ 884</u>	<u>\$ 1,421</u>

#### Note 10

Contributed Surplus

The Company uses the fair value based method to account for stock-based compensation. Fair values are determined using the Black Scholes Model. Compensation costs are recognized over the vesting period as an increase to compensation expense and contributed surplus. When options are exercised, the proceeds received by the Company, together with the fair value amount in contributed surplus, is credited to capital stock.

	<u>2008</u>	<u>2007</u>
Opening contributed surplus	\$ -	\$ -
Fair value of options granted - recorded as compensation expense	12,833	-
	<u>\$ 12,833</u>	<u>\$ -</u>

#### Note 11

Share Capital

Authorized:

200,000,000 common shares without par value

Issued:

	<u>2008</u>		<u>2007</u>	
	Number of Shares	Stated Capital	Number of Shares	Stated Capital
Balance - End of year	10,461,629	\$ 1,232,363	10,461,629	\$ 1,232,363

Notes to the Financial Statements

**ESTEC SYSTEMS CORP.**

June 30, 2008 and 2007

**Note 11**  
Share Capital  
Continued...

**Stock option plan**

The Company has a stock option plan that provides for the issuance of stock options to key employees, directors, and officers. Stock options allow the holder to obtain one common share for each stock option exercised. These share options vest immediately once they have been granted. Outstanding stock options will expire over a period ending no later than February 7, 2013. The Company has reserved 1,046,162 shares in Treasury to meet share options outstanding, less options already issued.

	<b>2008</b>		<b>2007</b>	
	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price
Number of shares under option				
Beginning of year	300,000	\$ 0.10	575,000	\$ 0.19
Options granted	350,000	0.10	-	-
Options exercised	-	-	-	-
Options cancelled or expired	-	-	(275,000)	0.26
End of year	650,000	\$ 0.10	300,000	\$ 0.10

Using the Black Scholes option pricing model, using a spot rate of \$0.06, a strike rate of \$0.10, maturity of 5 years, a risk free rate of 3.23% and a volatility of 87.25%, the fair value of the options noted above at the date of their issuance was \$12,833.

At the end of the year, the following options were outstanding:

	<b>Number of share options outstanding - June 30, 2008</b>	<b>Weighted average remaining contractual life (years)</b>
Options outstanding (\$0.10 exercise price)	650,000	3.55

## Notes to the Financial Statements

---

### ESTEC SYSTEMS CORP.

June 30, 2008 and 2007

---

#### **Note 12** Financial Instruments

##### Fair value

The carrying amount of the Company's accounts receivable, bank indebtedness, and accounts payable and accrued liabilities approximate their fair value due to the short-term maturities of these amounts.

The fair value of amounts due to related companies have not been estimated since these items are not marketable and are not subject to terms and conditions that would otherwise be available with arm's length parties.

##### Credit risk

The Company is exposed to credit risk through trade receivables and work in progress. In the normal course of business, the Company evaluates the financial condition of its customers on a continuing basis and reviews the credit worthiness of all new customers. Management assesses the need for allowances for potential credit losses by considering the credit risk of specific customers, historic trends, and other information.

The Company is subject to a concentration of credit risk with respect to \$188,144 in accounts receivable from the Company's three largest customers at June 30, 2008.

##### Interest rate risk

The Company's bank operating lines are subject to fluctuations in interest rates. Based on the amount of the operating line at June 30, 2008, fluctuations in the interest rate would not materially affect the operating results of the Company.

#### **Note 13** Diluted Loss Per Share

Options to purchase 650,000 common shares that were outstanding as of June 30, 2008 were not included in the computation of diluted earnings per share, since the effect of these options was anti-dilutive.

#### **Note 14** Changes in Non-Cash Working Capital

	<u>2008</u>	<u>2007</u>
Accounts receivable	\$ (216,361)	\$ 132,915
Work in progress	(1,270)	13,410
Prepaid expenses	12,427	(4,520)
Accounts payable and accrued liabilities	12,120	(96,847)
Income taxes receivable	10,000	15,000
	<u>\$ (183,084)</u>	<u>\$ 59,958</u>
